

## Welcome to the Club... It's the Ultimate Savings Club

Smart consumers have known for many years that planned savings for college tuition, investments, or medical funds takes the crisis out of the crisis! Why...because they can better plan their expenses. It's easier and it's smarter. We also know that scheduled maintenance is the "smart way" to having our heating and air conditioning system, like our cars, operate efficiently. So, **Ken's Heating and Air Conditioning** has also made it simple.....

with the ***Ken's Ultimate Savings Agreement***.

### What is an Ultimate Savings Agreement?

The **Ultimate Savings Agreement** is based on us performing regular maintenance (approx. every six months) on your air conditioning and heating equipment. Just like changing the oil in your car, your home's total comfort system **DOES** need scheduled maintenance. Having maintenance performed on a regular basis helps to cut down on costly repairs, helps reduce your utility bills, and this regular maintenance helps the equipment last longer.

### What are the benefits of being a "USA Priority Customer"?

Your home's comfort system may not seem exciting, but it is critical to your home's well being. As an **"USA Priority Customer"** you will get the following:

- ◆ A 15% discount on all service repairs.
- ◆ Preferred Service — **USA** customers receive priority if you need service.
- ◆ Peace of mind you will be saving money on utility costs.
- ◆ Improved home indoor air quality as a result of a cleaner system.
- ◆ Never Pay Overtime — call us any time during the day, night, or on the weekends and you'll always pay the normal low daily rate.

### What is the cost?

The cost for this peace of mind is only **\$189.95** per system!

Most importantly, you get our Ultimate Savings Satisfaction Guarantee. If after we've performed a maintenance on your system, you don't think that you receive your money's worth, you have my Personal Guarantee that we'll refund 100% of our money with no questions asked.

See us at [kensac.com](http://kensac.com) for more information about this great program.
